

TECHNICAL REQUIREMENTS

We do prefer to perform in a space that is greater in width than in length, especially in a small room, so that no student is too far away from the stage.

Pickles brings its own material:

- black curtain
- lights
- sound system
- power extension cords

To set up the stage, we need from your school:

- 5 chairs
- 1 double desk
- access to a minimum of three electrical plugs for our lights and sound system
