

Student's roles

On the day of the performance, before the show, our actors spend around 30 minutes rehearsing with the student actors.

They go over their scenes together and give tips and tricks to help make their performance more believable.

The actors also explain to the students when they need to come on stage and where to position themselves.

And above all, through games and theatre exercises, the actors help the students to feel more confident and ready to give it their all on stage!

(SCENE 5)

S1: Hey Amy! Why are you so depressed ?

Amy: I feel so lonely, nobody believes in my dream

S2: And what is your dream?

Amy: I want to clean the oceans, save the whales, save all of marine wildlife! ...I want to stop the pollution that is killing everything !

S1: How will you do that?

Amy: I want to build a big boat called the « LOB » : The Love Ocean Boat... and this boat will pick up all the wasted plastic floating in the ocean.

S2: Woah...The Love Ocean Boat...Sounds great!

Amy: But I need money to build it...

S1: What are you waiting for then?

Amy: I don't know?! Nobody believes in me and my dream...Not even my mum !? All she's interested in is my grades at school, especially mathematics. She believes it's the only way to have a good future...

S2: She has a point, it's not the only way to succeed but you will need mathematics and geometry to calculate the position of your mast and to calculate your navigation.

Amy: Yes you are right

S1: You will need to study biology too so you can understand how marine animals behave. If you want to save them you first have to understand how they live!

Amy: Yes, yes you are right
